The Logo

Leicester Comedy Festival logo must always be used in its entirety. The brand should, wherever possible, be produced in full colour.

The elements of the brand should never be used separately.

Filename: LCF_blkmagenta.eps

A black and grey version of the logo has been created for use when colour reproduction is not possible.

Filename: LCF_greyscale.eps

Single colour versions of the logo in black and white have also been created for processes where tints are difficult to achieve.

The Logo - exclusion area & minimum size

The exclusion zone is the clear area around the brand in which no other text should appear. This helps to ensure clarity and improve the impact of the brand.

The logo should NEVER be tilted.

The exclusion zone (B) is proportional and is twice the border width (A).

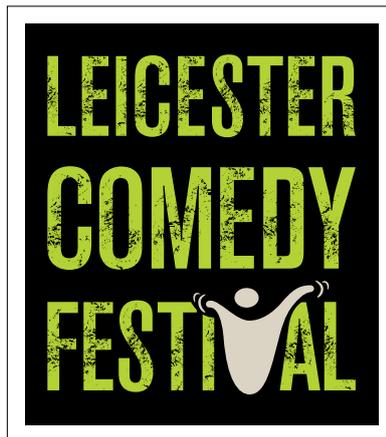

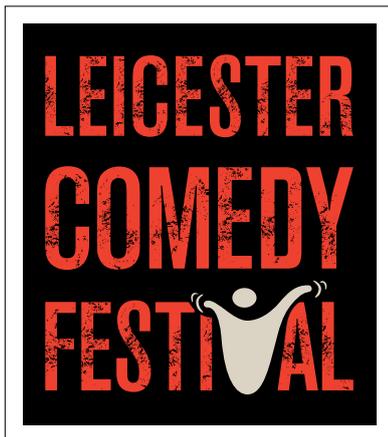

To ensure visibility and legibility, the logo should never be used smaller than 20mm wide.

The Logo - colour options

The logo has been produced in a range of colour options. Any of these options can be used to suit your requirements. Any or all colour options can be used together.
